

Special Features

Enrichment /Talent Programme

Enrichment /Talent Programmes are organized towards enhancing the potential of gifted children in the key areas of creative writing, Science, Mathematics and life skills .These programmes are conducted by the experts in the field and will give confidence to the children in their studies and life skills.

Olympiad Exams

The Olympiad Examination is optional for children from Class II upwards. The classes are handled by the teachers to enrich the skills of our students.

Computer Education Programme

The computer education programme aims at making students use the computer as a productive tool and as a means of creativity and self expression.

Adolescent Education Programme and Workshops

The ranges of activities help, promote confidence and self esteem along with the right perspectives of rights & responsibilities. It instills positive thinking and attitudinal development to avoid risky habits. It also strengthens personal hygiene.

Field Trips

Field trips are conducted as an extensive learning experience based on the curriculum. They effectively supplement class room learning.

Clean Class Award

A clean class promotes positivity in the learning atmosphere. To instill this sense of cleanliness, the Clean Class Award has been instituted for all classes. The classes are judged on various parameters of cleanliness and the awards is given once a term.

Eco Club

The Eco Club aims at creating an awareness among students about protecting our environment and biodiversity and ensuring the surroundings are clean and green.

Health and Wellness Club

The Health and wellness Club in schools favourably influence the habits, attitudes and knowledge relating to individuals and communities. These clubs help us to modify our behavior towards the attainment of optimum health.

Heritage club

The main objective of this club is to inculcate the value of our ancient culture among the students. Heritage clubs can be a laboratory to explore the linkages between different subjects and create a platform for interdisciplinary approach to education.

Literary Club

Developing language skills is the target set by the Literary Club. This club also helps the students to develop the logic and curiosity to know more and to instill in them confidence to speak well.

Math Club

The Math Club gives students opportunities to showcase their mathematical skills. The main objective of the club is to explore math beyond text books and apply it in day-to-day situations.

CO-CURRICULAR ACTIVITIES :

HOUSE SYSTEM

AIM :

- ♦ To stimulate a keen sense of union and to stimulate greater efforts in sports and academic achievements.
- ♦ All the students of the school have been grouped into four houses namely. Mercury, Venus, Earth & Mars.

Name of the house	Colour
Mercury	Green
Venus	Yellow
Earth	Blue
Mars	Red

Each house will elect a house captain and a vice-captain. Each house will be guided by a teacher.
